

The Lookout Lodge

The Lookout Lodge will ensure your conference runs smoothly, in an uninterrupted and calm environment. You can make use of our 'traditional' centre, close to the main lodge area which can seat up to 80 people. This room is both spacious as well as equipped with sound systems, lighting, an overhead projector, white boards and air-conditioning. With several seating options to choose from, and the rest rooms nearby, this venue aims to make your conference hassle free, with the benefit of stunning views right outside the window.

Alternatively, the second option offers a conference venue under a thatch roof outside, where you can truly concentrate in a calm environment away from the concrete jungle. With low walls and ample natural light, you and your colleagues can appreciate the untouched scenery in such a rare meeting place.
